

Probate: Legal process wherein the Estate and/or Will of the decedent is administered, including will contests.

Estate Planning Includes:

Last Will & Testament – document wherein a person specifies the method to be applied in the management and distribution of his/her estate after his death.

General Powers of Attorney- document wherein one person appoints another to act as an agent on his or her behalf including business matters, legal matters, or financial matters.

Living Will / Medical Power of Attorney- document that sets out the type of care and person designated to act as an agent in making decisions that you wish if you should become incapacitated.
